

## HSA High Deductible Health Plan Preventive Medications List

In addition to a healthy lifestyle, preventive medications can help you avoid many illnesses and conditions. Below is a list of preventive drugs sorted by drug category. The medications listed below have demonstrated long-term preventive benefits in terms of maintaining remission, preventing recurrent episodes of disease, or delaying/preventing surgery or long-term complications of a disease or condition. Medications may be added to or removed from the list depending on different factors, including the intended purpose(s) of the medication and its availability.

If you have questions about how prescriptions are covered under the Wells Fargo HSA High Deductible Health Plan, please call Medco at **1-800-311-0835** or visit [www.medco.com/openenroll](http://www.medco.com/openenroll), access code **wellsfcdhpfsa**.

### Anticoagulants/antiplatelet

- aspirin/dipyridamole (*Aggrenox*®)
- clopidogrel (*Plavix*®)
- dipyridamole (*Persantine*®)
- ticlopidine (*Ticlid*®)
- warfarin (*Coumadin*®, *Jantoven*®)

### Antidepressants

- citalopram (*Celexa*®)
- bupropion (*Wellbutrin XL*®, *Wellbutrin SR*®, *Wellbutrin*®)
- desvenlafaxine ER (*Pristiq*™)
- duloxetine (*Cymbalta*®)
- escitalopram (*Lexapro*®)
- fluoxetine (*Prozac*®, *Prozac Weekly*™)
- fluvoxamine (*Luvox*®, *Luvox CR*®)
- paroxetine HCl (*Paxil*®, *Paxil CR*®)
- paroxetine mesylate (*Pexeva*®)
- sertraline (*Zoloft*®)
- venlafaxine (*Effexor*®, *Effexor XR*®)

### Antiemetics/antivertigo agents

- aprepitant (*Emend*®)
- dimenhydrinate
- dolasetron (*Anzemet*®)
- dronabinol (*Marinol*®)
- granisetron (*Kytril*®)
- meclizine (*Antivert*®)
- ondansetron (*Zofran*®, *Zofran ODT*®)
- palonosetron (*Aloxi*®)
- prochlorperazine (*Compazine*®)
- promethazine (*Phenergan*®)
- scopolamine (*Transderm Scop*®, *Scopace*®)
- thiethylperazine (*Torecan*®)
- trimethobenzamide (*Tigan*®)

### Antiestrogens, examples

- anastrozole (*Arimidex*®)
- exemestane (*Aromasin*®)
- letrozole (*Femara*®)
- raloxifene (*Evista*®)
- tamoxifen (*Nolvadex*®)

### Antihypertensives

- **ACE inhibitors.** benazepril (*Lotensin*®); benazepril-HCTZ (*Lotensin HCT*®); captopril (*Capoten*®); captopril-HCTZ (*Capozide*®); enalapril (*Vasotec*®); enalapril-HCTZ (*Vaseretic*®); fosinopril (*Monopril*®); fosinopril-HCTZ (*Monopril-HCT*®); lisinopril (*Prinivil*®, *Zestril*®); lisinopril-HCTZ (*Prinzide*®, *Zestoretic*®); moexipril (*Univasc*®); moexipril-HCTZ (*Uniretic*®); perindopril (*Aceon*®); quinapril (*Accupril*®); quinapril-HCTZ (*Accuretic*®); ramipril (*Altace*®);trandolapril (*Mavik*®)
- **Angiotensin II receptor blockers.** candesartan (*Atacand*®); candesartan-HCTZ (*Atacand HCT*®); eprosartan (*Teveten*®); eprosartan-HCTZ (*Teveten HCT*®); irbesartan (*Avapro*®); irbesartan-HCTZ (*Avalide*®); losartan (*Cozaar*®); losartan-HCTZ (*Hyzaar*®); olmesartan (*Benicar*®); olmesartan-HCTZ (*Benicar HCT*®); telmisartan (*Micardis*®); telmisartan-HCTZ (*Micardis HCT*®); valsartan (*Diovan*®); valsartan-HCTZ (*Diovan HCT*®)
- **Beta blockers.** acebutolol (*Sectral*®); atenolol (*Tenormin*®); atenolol-chlorthalidone (*Tenoretic*®); betaxolol (*Kerlone*®); bisoprolol (*Zebeta*®); bisoprolol-HCTZ (*Ziac*®); carteolol (*Cartrol*®); labetalol (*Normodyne*®, *Trandate*®); metoprolol (*Lopressor*®, *Toprol-XL*®); metoprolol-HCTZ (*Lopressor HCT*®, metoprolol extended-release generic, *Dutoprol*™); nadolol (*Corgard*®); nadolol-bendroflumethiazide (*Corzide*®); penbutolol (*Levato*®); pindolol (*Visken*®); propranolol (*Inderal*®, *Inderal LA*, *InnoPran XL*®); timolol (*Blocadren*®); timolol-HCTZ (*Timolide*®)
- **Calcium channel blockers.** amlodipine (*Norvasc*®); bepridil (*Vascor*®); diltiazem (*Cardizem*®, *Cardizem CD*, *Cardizem SR*, *Cartia XT*®, *Tiazac*®) felodipine (*Plendil*®); isradipine (*DynaCirc*®, *DynaCirc CR*®); nifedipine (*Cardene*®, *Cardene SR*); nifedipine (*Adalat*®, *Adalat CC*, *Procardia*®, *Procardia XL*®); nisoldipine (*Sular*®); verapamil (*Calan*®, *Calan SR*, *Covera-HS*®, *Isoptin SR*®, *Verelan*®, *Verelan PM*®)

- **Miscellaneous antihypertensives.** aliskiren/hydrochlorothiazide (*Tekturna*<sup>®</sup>*HCT*); aliskiren (*Tekturna*<sup>®</sup>), amlodipine/benazepril generic, amlodipine/valsartan (*Exforge*<sup>®</sup>) carvedilol (*Coreg*<sup>®</sup>, *Coreg CR*<sup>®</sup>); clonidine (*Catapres*<sup>®</sup>); clonidine-chlorthalidone (*Combipres*<sup>®</sup>, *Clorpres*<sup>®</sup>); doxazosin (*Cardura*<sup>®</sup>); enalapril-felodipine (*Lexxel*<sup>®</sup>); hydralazine (*Apresoline*<sup>®</sup>); methyl dopa (*Aldomet*<sup>®</sup>); methyl dopa-chlorothiazide (*Aldoclor*<sup>®</sup>); methyl dopa-HCTZ (*Aldoril*<sup>®</sup>); prazosin (*Minipress*<sup>®</sup>); prazosinpolythiazide (*Minizide*<sup>®</sup>); trandolapril-verapamil (*Tarka*<sup>®</sup>) • Thiazide diuretics and related diuretics: amiloride (*Midamor*<sup>®</sup>); amiloride-HCTZ (*Moduretic*<sup>®</sup>); eplerenone (*Inspra*<sup>®</sup>); hydrochlorothiazide (*HydroDIURIL*<sup>®</sup>, *Esidrix*<sup>®</sup>); indapamide (*Lozol*<sup>®</sup>); metolazone (*Zaroxolyn*<sup>®</sup>); spironolactone (*Aldactone*<sup>®</sup>); spironolactone-HCTZ (*Aldactazide*<sup>®</sup>); terazosin (*Hytrin*<sup>®</sup>); triamterene (*Dyrenium*<sup>®</sup>); triamterene-HCTZ (*Dyazide*<sup>®</sup>, *Maxzide*<sup>®</sup>)

### Anti-infectives

- atovaquone (*Mepro*<sup>®</sup>)
- pentamidine (*NebuPent*<sup>®</sup>, *Pentam*<sup>®</sup>)
- posaconazole (*Noxafil*<sup>®</sup>)

### Antimalarials

- atovaquone/proguanil (*Malarone*<sup>®</sup>)
- chloroquine (*Aralen*<sup>®</sup>)
- halofantrine (*Halfan*<sup>®</sup>)
- hydroxychloroquine (*Plaquenil*<sup>®</sup>)
- mefloquine (*Lariam*<sup>®</sup>)
- primaquine
- pyrimethamine (*Daraprim*<sup>®</sup>)
- pyrimethamine-sulfadoxine (*Fansidar*<sup>®</sup>)
- quinine (*Qualaquin*<sup>®</sup>)

### Anti-ulcer agents

- **H2-antagonists.** cimetidine (*Tagamet*<sup>®</sup>); famotidine (*Pepcid*<sup>®</sup>); nizatidine (*Axid*<sup>®</sup>); ranitidine (*Zantac*<sup>®</sup>)
- **Miscellaneous agents.** misoprostol (*Cytotec*<sup>®</sup>); sucralfate (*Carafate*<sup>®</sup>)
- **Proton pump inhibitors.** esomeprazole (*Nexium*<sup>®</sup>); lansoprazole (*Prevacid*<sup>®</sup>); omeprazole (*Prilosec*<sup>®</sup>); pantoprazole (*Protonix*<sup>®</sup>); rabeprazole (*AcipHex*<sup>®</sup>)

### Antivirals

- acyclovir (*Zovirax*<sup>®</sup>)
- amantadine (*Symmetrel*<sup>®</sup>)
- famciclovir (*Famvir*<sup>®</sup>)
- foscarnet (*Foscavir*<sup>®</sup>)
- ganciclovir (*Cytovene*<sup>®</sup>)
- oseltamivir (*Tamiflu*<sup>®</sup>)
- rimantadine (*Flumadine*<sup>®</sup>)
- valacyclovir (*Valtrex*<sup>®</sup>)
- valganciclovir (*Valcyte*<sup>®</sup>)
- zanamivir (*Relenza*<sup>®</sup>)

### Asthma therapies

- montelukast (*Singulair*<sup>®</sup>)
- zileuton (*Zyflo CR*<sup>™</sup>)
- zafirlukast (*Accolate*<sup>®</sup>)

### Benign prostatic hypertrophy

- dutasteride (*Avodart*<sup>®</sup>)
- finasteride (*Proscar*<sup>®</sup>)

### Calcium replacement products

- calcium acetate (*PhosLo*<sup>®</sup>)
- calcium chloride
- calcium gluconate

### Cancer (adjunctive agents)

- amifostine (*Ethyo*<sup>®</sup>)
- darbepoetin alfa (*Aranesp*<sup>®</sup>)
- dexrazoxane (*Zomecard*<sup>®</sup>, *Totect*<sup>®</sup>)
- epoetin alfa (*Epogen*<sup>®</sup>, *Procrit*<sup>®</sup>)
- filgrastim (*Neupogen*<sup>®</sup>)
- leucovorin
- mesna (*Mesnex*<sup>®</sup>)
- pegfilgrastim (*Neulasta*<sup>®</sup>)
- sargramostim (*Leukine*<sup>®</sup>)

### Cholesterol-lowering agents

- atorvastatin/amlodipine (*Caduet*<sup>®</sup>)
- cholestyramine (*LoCholest*<sup>®</sup>; *Prevalite*<sup>®</sup>; *Questran*<sup>®</sup>; *Questran*<sup>®</sup> *Light*)
- colesvelam (*WelChol*<sup>®</sup>)
- colestipol (*Colestid*<sup>®</sup>)
- ezetimibe (*Zetia*<sup>®</sup>)
- ezetimibe/simvastatin (*Vytorin*<sup>®</sup>)
- fenofibrate (*Antara*<sup>®</sup>, *Lofibra*<sup>®</sup>, *TriCor*<sup>®</sup>)
- gemfibrozil (*Lopid*<sup>®</sup>)
- niacin (*Niacor*<sup>®</sup>, *Niaspan*<sup>®</sup>); niacin/lovastatin (*Advicor*<sup>®</sup>)
- omega-3-acid ethyl esters (*Omacor*<sup>®</sup>)
- **HMG-coA reductase inhibitors.** atorvastatin (*Lipitor*<sup>®</sup>); fluvastatin (*Lescol*<sup>®</sup>, *Lescol*<sup>®</sup> *XL*); Lovastatin (*Mevacor*<sup>®</sup>, *Altacor*<sup>®</sup>); pravastatin (*Pravachol*<sup>®</sup>); rosuvastatin (*Crestor*<sup>®</sup>); simvastatin (*Zocor*<sup>®</sup>)

### Contraceptives, oral

- *Apri*<sup>®</sup>
- *Estrostep Fe*<sup>®</sup>
- ethinyl estradiol/norethindrone chewable (*Femcon*<sup>®</sup> Fe)
- levonorgestrel/ethinyl estradiol (*Lybrel*<sup>™</sup>)
- *Ortho Tri-Cyclen*<sup>®</sup>
- *Ortho Tri-Cyclen*<sup>®</sup> Lo
- *Ovcon*<sup>®</sup>
- *Seasonale*<sup>®</sup>
- *TriNessa*<sup>®</sup>
- *Trivora*<sup>®</sup>
- *Yasmin*<sup>®</sup>
- *Seasonique*<sup>™</sup>
- *YAZ*<sup>®</sup>

### Contraceptives, non-oral

- intravaginal system (*NuvaRing*<sup>®</sup>)
- transdermal system (*Ortho Evra*<sup>®</sup>)

### Dental aids

- minocycline (*Arestin*<sup>®</sup>)
- tetracycline (*Actisite*<sup>®</sup>)

## Diabetes, insulin

- insulin aspart (*NovoLog*®)
- insulin aspart protamine/insulin aspart (*NovoLog*® Mix 70/30)
- insulin detemir (*Levemir*®)
- insulin glargine (*Lantus*®)
- insulin glulisine (*Apidra*®)
- insulin lispro (*Humalog*®)
- insulin lispro protamine/insulin lispro (*Humalog*® Mix 50/50, *Humalog*® Mix 75/25)
- insulin, NPH (*Humulin*® N, *Novolin*® N)
- insulin, NPH/insulin, Regular (*Humulin*® 50/50, *Humulin*® 70/30, *Novolin*® 50/50, *Novolin*® 70/30)
- insulin, NPH regular (*Humulin*® N, *Novolin*® R)

## Diabetes, noninsulin hypoglycemic agents

- acarbose (*Precose*®)
- acetoheamide
- chlorpropamide (*Diabinese*®)
- exenatide (*Byetta*®)
- glimepiride (*Amaryl*®)
- glipizide (*Glucotrol*®, *Glucotrol XL*®)
- glipizide/metformin (*Metaglip*®)
- glyburide (*DiaBeta*®, *Micronase*®)
- glyburide, micronized (*Glyrase*® *PresTab*®)
- glyburide/metformin (*Glucoavance*®)
- metformin (*Fortamet*®, *Glucophage*®, *Glucophage XR*®, *Glumetza*™)
- miglitol (*Glyset*®)
- nateglinide (*Starlix*®)
- pioglitazone (*Actos*®)
- pioglitazone/glimepiride (*Duetact*™)
- pioglitazone/metformin (*ACTOplus met*®)
- pramlintide (*Symlin*®)
- repaglinide (*Prandin*®)
- rosiglitazone (*Avandia*®)
- rosiglitazone/glimepiride (*Avandaryl*™)
- rosiglitazone/metformin (*Avandamet*®)
- sitagliptin (*Januvia*™)
- sitagliptin/metformin (*Janumet*™)
- tolazamide (*Tolinase*®)
- tolbutamide (*Orinase*®)

## Estrogen replacement products

- bioidentical estradiol transdermal gel (*Elestrin*™)
- conjugated estrogens (*Premarin*®)
- esterified estrogens/methyltestosterone (*Estratest*®, *Estratest*® H.S., *Syntest*™ DS, *Syntest*™ HS)
- estradiol (*Alora*®, *Climara*®, *Esclim*®, *Estrace*®, *Estraderm*®, *Vivelle*®)
- estradiol gel 0.06% (*Estroge*l®)
- estradiol 0.1% gel (*Divigel*®), estradiol gel (*Elestrin*™)
- estradiol acetate (*Femtrace*®, *Femring*®)
- estradiol hemihydrate (*Estrasorb*®)
- estradiol/levonorgestrel (*Climara Pro*®)
- estradiol/norethindrone (*Activella*®, *CombiPatch*®)
- estradiol/norgestimate (*Ortho-Prefest*®)
- estrogen/medroxyprogesterone (*Premphase*®, *Prempro*™)
- ethinyl estradiol/norethindrone (*Femhrt*®)
- synthetic conjugated estrogens, A (*Cenestin*®)
- synthetic conjugated estrogens, B (*Enjuvia*™)

## Fluoride preparations, oral and topical

- *EtheDent*™
- *Fluoritab*™
- *Luride Lozi-Tabs*®
- *Pediaflor*®
- *Sodium Fluoride*
- *Flurorinse* (topical)
- *Gel-Kam*® (topical)
- *PreviDent*® Rinse (topical)

## Gout

- allopurinol (*Zyloprim*®)

## Heparin/low-molecular-weight heparin products

- heparin, beef
- heparin, porcine
- low-molecular-weight heparin: dalteparin (*Fragmin*®);
- enoxaparin (*Lovenox*®); fondaparinux (*Arixtra*®);
- tinzaparin (*Innohep*®)

## Immunosuppressants

- azathioprine (*Imuran*®)
- cyclosporine (*Sandimmune*®)
- cyclosporine, modified (*Gengraf*®, *Neoral*®)
- mycophenolate mofetil (*CellCept*®)
- mycophenolic acid (*Myfortic*®)
- sirolimus (*Rapamune*®)
- tacrolimus (*Prograf*®)

## Inhaled corticosteroids

- beclomethasone (*Beclovent*®, *Qvar*®)
- budesonide (*Pulmicort*®)
- budesonide/formoterol (*Symbicort*®)
- flunisolide (*Aerobid*®)
- flunisolide/menthol (*Aerobid*®-M)
- fluticasone (*Flovent*®, *Flovent*® HFA)
- fluticasone/salmeterol (*Advair*®, *Advair*® HFA)
- mometasone (*Asmanex*®)
- triamcinolone (*Azmacort*®)

## Iron replacement agents

- *Chromagen*®
- *FoliTab*™
- *Foltrin*™
- *Niferex*® Forte
- *Venofer*®

## Magnesium replacement products

- magnesium chloride
- magnesium sulfate

## Miscellaneous agents

- isoxsuprine (*Vasodilan*®)

## Osteoporosis

- alendronate (*Fosamax*®); alendronate/cholecalciferol (*Fosamax Plus D*™)
- calcitonin (*Fortical*®, *Miacalcin*®)
- etidronate (*Didronel*®)
- ibandronate (*Boniva*®)
- raloxifene (*Evista*®)
- risedronate (*Actonel*®)
- zoledronic acid (*Reclast*®)

## Phosphate/potassium replacement products

- potassium bicarbonate/potassium citrate (*Effer-K*®, *K-Lyte*®)
- potassium chloride (*K-Dur*®, *K-Tab*®, *Klotrix*®, *Klor-Con*®, *Slow-K*®)
- potassium gluconate
- potassium phosphate (*Neutra-Phos*® K)
- potassium and sodium phosphate (*K-Phos*® Neutral, *Neutra-Phos*®)
- sodium phosphate

## Progestins

- medroxyprogesterone (*Amen*®, *Cytrin*®, *Depo-Provera*®, *Provera*®)
- norethindrone (*Aygestin*®)
- progesterone
- progesterone, micronized (*Crinone*®, *Prochieve*®, *Prometrium*®)

## Renal disease agents

- lanthanum (*Fosrenol*®)
- sevelamer (*Renage*®)
- sevelamer carbonate (*Renvela*®)

## Rheumatoid arthritis

- abatacept (*Orencia*®)
- adalimumab (*Humira*®)
- anakinra (*Kineret*®)
- auranofin (*Ridaura*®)
- aurothioglucose (*Solganal*®)
- etanercept (*Enbrel*®)
- gold sodium thiomalate (*Myochrysine*®)
- infliximab (*Remicade*®)
- leflunomide (*Arava*®)
- methotrexate (*Rheumatrex*®)
- penicillamine (*Cuprimine*®, *Depen*®)

## Smoking cessation products

- bupropion (*Zyban*®)
- nicotine products (*Nicotrol*® Inhaler, *Nicotrol*® Nasal Spray)
- varenicline (*Chantix*™)

## Vitamins

- *Berocca*®
- multivitamin w/fluoride
- *Strovite Advance*®, *Strovite Plus*®
- *Theragran*®
- *Therobec*™, *Therobec Plus*™

## Vitamin A products

- *Aquasol A*®

## Vitamin B products

- *Calafol*® Rx
- *Folgard RX*™
- *Foltx*®

## Vitamin B1 products

- thiamine

## Vitamin B6 products

- pyridoxine

## Vitamin B12 products

- cyanocobalamin (*Nascobal*®, *CaloMist*™)
- cyanocobalamin/folic acid (*Foltrate*®)

## Vitamin D products

- calcitriol (*Rocaltrol*®)
- dihydrotachysterol (*DHT*™, *Hytakerol*®)
- ergocalciferol (*Drisdol*®)

## Vitamin K products

- phytonadione (*Mephyton*®)

## Prenatal vitamins

- *Natachew*®
- *Natafort*®
- *Natelle*®
- *PreCare*®
- *Prenatal Plus*®, *Prenatal Rx*™
- *PrimaCare*®
- *Vitafol-OB*™

## Vitamins with folic acid

- *Folvite*®
- therapeutic vitamins with minerals
- *Vicon Forte*®

## Weight loss agents

- benzphetamine (*Didrex*®)
- diethylpropion (*Tenuate*®)
- orlistat (*Xenical*®)
- phendimetrazine (*Bontril*® PDM, *Bontril*® Slow-Release, *Melfiat*®-105, *Prelu-2*®)
- phentermine (*Adipex-P*®, *Ionamin*®, *Pro-Fast*® HS, *Pro-Fast*® SA, *Pro-Fast*® SR)
- sibutramine (*Meridia*®)

## Zinc replacement products

- zinc chloride
- zinc sulfate
