² Copayments and prescription drug costs do not accumulate toward the annual deductible. All individual deductible amounts will count toward the family deductible, but an individual will not have to pay more than the individual deductible amount. Deductibles cross-apply for U.S. in-network and out-of-U.S. services. Prescription drugs have no annual deductible to meet.

³ Member copayments and prescription drug costs accumulate toward the out-of-pocket maximum. All individual out-of-pocket maximum amounts will count toward the family out-of-pocket maximum, but an individual will not have to pay more than the individual out-of-pocket maximum. The out-of-pocket maximum includes the annual deductible. Out-of-pocket maximums cross-apply for U.S. in-network and out-of-U.S. services. Prescription drugs have no annual out-of-pocket maximum to meet.
